Taimur,

I am a Senior Director in EDF's Energy Program and a long-time friend of Rob Lawrence - since the 1980s I think. I expect EDF will be working with you in several contexts and would appreciate having a get-acquainted call in the near future. We'd also like to talk with you a little about oil and gas NPDES discharges during the call.

Some background. I have been a member of IOGCC since 1982 and have been attending EPA/IOGCC MOU meetings since their inception. Adam Peltz, copied here, is the Vice-Chairman of IOGCC's Energy Resources Research and Technology Committee — the first NGO representative IOGCC has ever elected to such a position. All of us work with and are close to GWPC, ECOS, and various state regulators in Region 6 (and elsewhere).

Nichole, Adam, Ellen (who has held key positions at EPA HQ and the Virginia DEQ) and I work together on a team that addresses produced water management, CCS and well integrity. We are active nationwide but are particularly focused on Region 6 and its states.

I don't know yet about the others, but I could do a call:

Feb 2: 11:30 to 2:30c

Feb 3: 11:00 to 1:00

Feb 4: 10:30 to 1:00c

Feb 8: 10:00 to 12:30c

Feb 9: after 1:00c

Feb 10: 11:00 to 1:00c or after 2:00

I look forward to meeting you.

Scott Anderson
